

CAPABILITY STATEMENT

FLEXIBLE, COST-EFFECTIVE,
LONG-TERM LIGHT VEHICLE HIRE

Lewis Auto Hire is a commercial hire vehicle company that specialises in working with the mining, oil and gas, and civil construction industries throughout Australia. We deliver fit-for-purpose hire vehicles to a range of clients in the public and private sectors, from remote sites to central city locations.

Founded in 2012, Lewis Auto Hire is a privately owned family company that provides the capability of a big corporate combined with the versatility, competitive pricing and service of a small business. We supply hire agreements that are flexible and customised, with the capability to scale and adapt our fleet and vehicles to meet the needs of our clients and their projects.

WHO WE ARE

LUKE LEWIS

FOUNDER OF LEWIS AUTO HIRE

As soon as Luke finished his apprenticeship he was off Mining and no one could stop him. Straight underground for Pybar Mining services in North Parkes he went. Luke quickly moved up the ranks in his first year out of his apprenticeship and showed what he had to offer in terms of being a diligent hard worker.

From there he moved back into an above ground role with a local construction contracting company. After spending 2 years in the role Luke moved over to the wild west chasing the big machines.

Luke founded Lewis & Potter Pty Ltd in 2012 while working in Newman as a Diesel mechanic for BHP Billiton.

The venture started as a labour-hire company but Luke quickly realised there was a gap in the market for vehicle hire as the big boys of the hire world were charging what they liked and had very little customer service.

Luke started with one flatbed Isuzu truck that he fitted out with welders and one air compressor.

Since then Luke has grown the company and Lewis Auto Hire has vehicles in QLD, WA, NSW and VIC supplying the mining, construction and traffic management industries.

Luke has built the business on 3 key core values.

Respect, Integrity, Honesty,

He believes if you can live by these 3 values day to day and do the small things right in life, the big things will follow.

These 3 core values help to obtain and maintain relationships with clients and staff and are an integral part of Lewis Auto Hire.

Luke has no ambition to be the biggest hire company but only to be the best.

**NO AMBITION TO BE THE
BIGGEST, DETERMINED
TO BE THE BEST**

WHAT WE DO

SERVICING CLIENTS THROUGHOUT AUSTRALIA

Lewis Auto Hire specialises in long-term light vehicle hire for the mining, oil and gas, and civil construction industries. We work with clients in the public and private sectors, including major blue chip companies and their contractors, and other small to medium-sized companies Australia-wide.

Servicing existing clients throughout the country, from remote sites through to CBD locations, means we have the ability to supply vehicles to any environment and location.

To ensure we continue to meet the diverse needs of each client, we take the time to understand their business, project and site requirements. This allows us to provide the right advice and selection of vehicles, and customise our fleet, vehicle specifications and hire agreements to suit.

Lewis Auto Hire is committed to delivering both quality service and competitive pricing. As a private, family-owned company, we keep our overheads low and pass these savings on to our clients. Additionally, we exclusively offer long-term hire agreements that are practical and cost-effective.

OUR VEHICLES

Lewis Auto Hire supplies a range of 4WD and 2WD vehicles fit for purpose for the mining, oil and gas, and civil construction industries. To suit our clients' needs, we have the ability to adjust our fleet, including introducing new vehicle categories.

To ensure our fleet is reliable, all of our vehicles are late-model with low kilometres, maintained to manufacturer specifications. Vehicles in our fleet are retired at approximately three years or 100,000 kilometres.

All our vehicles comply with site-specific requirements, are fitted with IVMS (Internal Vehicle Monitoring Systems), and can be custom-branded. We also have the flexibility to meet additional client requests on hire vehicles.

OUR VEHICLES ARE FIT-FOR-SITE AND CAN BE CUSTOM-BRANDED WITH YOUR COMPANY'S LOGO

VEHICLE SAFETY

WITH EXPERIENCE WORKING WITH A RANGE OF CLIENTS ACROSS MULTIPLE SITES IN THE MINING, OIL AND GAS, AND CIVIL CONSTRUCTION INDUSTRIES, WE UNDERSTAND SITE SAFETY REQUIREMENTS AND CUSTOMISE OUR VEHICLES TO SUIT.

“ EASY TO DEAL WITH AND THEY DELIVER... ”

“We needed 50 hire vehicles for a range of projects. Not only did Lewis Auto Hire deliver, but the owner Luke is always available when I need help. It's refreshing that Luke has worked in the industry and understands day-to-day operations and business needs.

Lewis Auto Hire is flexible, easy to deal with and they deliver.”

ROSS

Procurement Manager, LinkForce Engineering

INTERNAL VEHICLE MONITORING SYSTEM (IVMS)

INTERNAL VEHICLE MONITORING SYSTEM (IVMS)

INTERNAL VEHICLE MONITORING SYSTEM (IVMS)

With IVMS fitted on vehicles as standard and activated as an optional extra, Lewis Auto Hire meets site requirements and provides real-time monitoring on hire vehicle operation. Clients receive instant data on any breaches of safety procedure, such as driving over the speed limit, failing to wear a seatbelt or dangerous driving. Additionally, clients receive notifications of kilometres travelled and vehicle usage so they can monitor fuel costs.

USING IVMS MEANS CLIENTS RECEIVE REAL-TIME DATA ON THEIR HIRE VEHICLES VIA EMAIL, INCLUDING:

- ✓ Vehicle speed
- ✓ Distance travelled
- ✓ Seatbelt worn
- ✓ Harsh braking
- ✓ Four-wheel drive engaged on unsealed roads
- ✓ Real-time tracking of vehicle location
- ✓ Battery drain
- ✓ Driver and vehicle identification
- ✓ Time journey
- ✓ Tracking via mobile devices
- ✓ Servicing and maintenance requirements
- ✓ Idle time
- ✓ After-hours usage
- ✓ Fleet idling

WHY CHOOSE US

OUR GOAL AT LEWIS AUTO HIRE IS SIMPLY TO BE THE
BEST LIGHT VEHICLE HIRE COMPANY IN AUSTRALIA.

RELIABLE

Our range of vehicles are exclusively late-model, suitable for clients in the mining, oil and gas, and civil construction industries. All vehicles are under three years old, have low kilometres and are maintained to manufacturer's requirements.

COST-EFFECTIVE

At Lewis Auto Hire, we offer competitive vehicle hire rates with no hidden extras. As a private, family-owned company, we save on overheads, which we pass on to our clients as cost savings.

SAFETY FEATURES THAT REDUCE RISK

We provide fully site safety compliant vehicles that can be fitted with custom optional extras as required. Additionally, all Lewis Auto Hire vehicles are fitted with an IVMS (Internal Vehicle Monitoring System) as standard, so you can activate this feature to monitor driver behaviour, vehicle usage and fuel costs.

FLEXIBILITY

Lewis Auto Hire offers our clients flexibility in their hire agreements, vehicle types and fleet size, and vehicle customisation. We can provide flexible rental agreements to meet client requirements, including adapting agreements should their needs change. We can also scale our fleet and range of vehicles to meet client needs, and accommodate special requests on vehicle specifications and fittings.

SERVICE

Our founder Luke Lewis is the key contact for all clients, saving clients time and hassle with expert advice and support. Luke responds to queries and provides quotes within 48 hours, and also personally attends all vehicle hire deliveries. For any other questions or queries, our team is available seven days a week and responds promptly to your enquiries via phone, email or online.

GAVE US THE BEST RATE, AND DELIVERED COMPLIANT VEHICLES ON TIME...

"We needed a particular kind of vehicle delivered to site and other hire companies weren't able to help or were above our budget. That's when we found Luke from Lewis Auto Hire. The whole process was seamless. Luke gave us the best rate, and delivered compliant vehicles on time. I highly recommend Luke and the Lewis Auto Hire team."

OUR COMMITMENT TO SAFETY

LEWIS AUTO HIRE RECOGNISES THE IMPORTANCE OF OUR RESPONSIBILITY IN PROVIDING AND MAINTAINING A SAFE WORKING ENVIRONMENT FOR THE BENEFIT OF OUR EMPLOYEES, CLIENTS, CONTRACTORS AND VISITORS.

1

Comply with all relevant legislation and ensure all sites have operating systems and procedures compatible with the law, statutory requirements and client-defined practice.

2

Implement a code of practice (where legislation does not exist) that reflects our commitment to Occupational Health and Safety.

3

Put into practice appropriate levels of training and education at all levels of management and staff.

4

Ensure communication systems exist to allow the flow of information with employees, clients, contractors and visitors about Occupational Health and Safety issues applicable to our products and services.

5

Seek continuous improvement in the area of Occupational Health and Safety for our employees and our clients.
